

## RW-KESM-USB

This drive is a very small sized reader /writer with USB-interface for **3,3V and 5V SmartMedia cards**. It is really convenient to carry around, download and upload the data via USB 1.1.

Just plug this drive into the USB port of the computer, and you can view, copy and edit your own digital/video/audio files stored in SmartMedia memory cards. You can simply use this drive with a SmartMedia card as a USB hard drive and transfer huge files between desktop and notebook.

For Secure Digital and MultiMedia cards, there is the drive RW-KESD-USB!
